Asia As Method In Education Studies A Defiant Research Imagination Routledge Critical Studies In Asian Education

Asia As Method In Education Studies Chen insists that studies of Asia move beyond their paralysing fixation on the West as either a positive or negative referent and that they develop their own standpoints, reference points and research agendas. Asia as Method in Education Studies, is therefore, a provocative and suggestive exploration of educational ideas imported from the West. Chen's challenge provokes the writers in this collection to consider the implications of colonial and imperialist forces for education systems ... Asia as Method in Education Studies: A defiant research ... Chen insists that studies of Asia move beyond their paralysing fixation on the West as either a positive or negative referent and that they develop their own standpoints, reference points and research agendas. Asia as Method in Education Studies, is therefore, a provocative and suggestive exploration of educational ideas imported from the West. Chen's challenge provokes the writers in this collection to consider the implications of colonial and imperialist forces for education systems ... Asia as Method in Education Studies | Taylor & Francis Group This chapter presents author reflections on some challenges that he encountered in conducting educational research using Western methodology in the Asian context of Bangladesh. It discusses the challenges in collecting research data in the context of Bangladesh, when following Western research approaches. There is a paucity of context-specific information regarding such challenges, but Chen's call for Asia as method, provides important insights into our reflections. Asia as Method in Education Studies - Taylor & Francis Group In confronting the long lasting habitual thought and practices that Western theories are often dominating and adopted in an unproblematic manner in academic research and intellectual studies, Chen’s notion of ‘Asia as method’ (2010)
provides an alternative intellectual perspective and an innovative ‘research imagination’ (Zhang, Chan & Kenway, 2015). The deployment of ‘Asia as Method’ concept in education ... Abstract. The book “Asia as method” by cultural critic Chen Kuan-Hsing forcefully suggests the need of an “Asia and the rest” worldview and argues for a paradigm shift to look at Asian reality with a deimperialized, decolonized, and de-Cold War mentality. The work has already produced fruitful academic discussions among advocates and antagonists in social science and humanities. Asian Education and Asia as Method | SpringerLink Abstract. This article discusses the implications of the idea of Asia as method, a discursive strategy in Asian studies popularised by Kuan-Hsing Chen, in the context of Korean education. Chen has pointed to the one-way flow of knowledge into Asia from the West and has urged using ‘Asia as method’ in the production of post-colonial and anti-imperialist knowledge. A critical dialogue with ‘Asia as method’: A response from ... Instead of more centralization, Asian systems have been gradually loosening central control and granting more autonomy to local governments and schools in curriculum, pedagogy and assessment. Instead of more testing, Asian systems have been trying to reduce both the frequency and importance of exams in schools. The West and Asian education: fatal attraction | New ... education that is quality education cannot be fully realised. There has been much research and studies which seem to indicate that Asian students tend to be dependent learners relying on their teachers to provide content materials in contrast to countries they choose to pursue their education that encourage more independent learning. Understanding Asian Students Learning Styles, Cultural ... Methods of teaching and learning were memorization, oral repetition, copying models, and individual instruction. It is believed that the exact copying of scripts was the hardest and most strenuous and served as the test of excellence in learning. The period of education was long and rigorous, and discipline was harsh. North China Education - Education in the earliest civilizations ...
